

Interim Reward Professionals

HT2516

Daily Rate £700 - £800

A record of successful assignments in Compensation & Benefits, in blue chip companies across a variety of sectors including the public sector. Working at either a strategic or operational level providing departmental or strategic leadership, reward expertise, project management, raising standards, reducing costs and promoting high performance. Experience includes job evaluation, incentives, international and executive reward.

HT5051

Daily Rate £650 - £750

Following a broad based HR career in investment banking, culminating in a senior management role in reward, this candidate has successfully practised as a Senior Interim Manager for the past nine years specialising in reward. Sector experience includes financial services, retail, communications and hi-tech. Very broad reward exposure including benefits (flex & pensions), remuneration committee and international assignments.

HT5421

Daily Rate £500 - £600

An international and multilingual Reward Project Manager with particular expertise in Financial Services, Oil & Gas and public sector. Most recently completed a global compensation design project following a major acquisition. Other experience includes implementing reward systems, incentive plan design, job matching/salary surveys and equal pay analyses. A strong communicator and pragmatic implementer.

HT4276

Daily Rate £350 - £400

A driven reward professional, with solid experience in reward within financial services, supported by 6 years of experience in financial analysis and reporting. Experience includes annual pay review process, analysis and reporting, systems and data integrity. Currently undertaking first interim assignment as a senior analyst/manager. Now dedicated to a career as an interim. A focused team-player with excellent interpersonal skills and acute business acumen.
